

Steelmaking Course

EAF-LF-CC Route

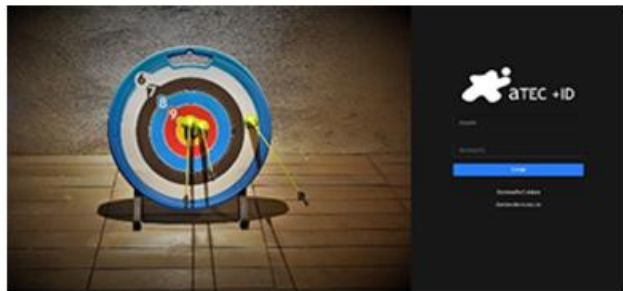

“Practical knowledge to apply in your company”

Calendar

Starting the 14th February 2022 and Ending the 19th April 2022.

This course has been designed so that it can be carried out by the student with a wide margin of autonomy in dedication and schedules. Our platform will be available 24 hours a day, 7 days a week. The forums will be available to comment and expose any aspect that arouses the interest of both the student and the teacher. There will be at least one evaluation for each Module, and a final evaluation, of which a minimum of 75% must be obtained to get a diploma of achievement, which if not achieved will give the right to a certificate of attendance as long as it has been studied 75% of the content and, at least, has attended 25% of the scheduled time.

- Start / End
- Video tutorship can be asked, anytime
- Forums % messaging
- Holyday

February						
D	L	M	M	J	V	S
30	31	1	2	3	4	5
