

# Hot Rolling of Long Products 2021 v2

Online / e-Learning on our platform

“Practical knowledge to use in your company”

## Course Calendar

**Beginning October 13<sup>th</sup>, 2021 and Ends on December the 16<sup>th</sup>, 2021.**

This course has been designed so that it can be done by the student with a wide margin of autonomy in dedication and schedules. Our platform will be available 24 hours a day, 7 days a week. The forums will be available to comment and expose any aspect that arouses the interest of both the student and the teacher. There is no ground speed determined by the course.

There will be at least one evaluation for each Module, and a final evaluation, of which a minimum of 75% must be obtained to obtain a certificate of achievement, which if it is not achieved will give the right to an attendance certificate as long as it has been studied 75% of the content.
